- Volume B (complementary order) for EUR 400,-

Prices do not include packaging, delivery costs and VAT.

¹⁾ includes the option to order the complementary Volume (A or B) for EUR 400,- within the next six months after the first order.

Update Service

In consideration of future refinements of the AMHS technical specifications an update service is offered by means of change pages and extra pages.

Using this service, readers are enabled to keep their AMHS knowledge up-to-date with the latest development in AMHS standardisation.

A flexible page signature system allows for future amendments, be it in the replacement or in the addition of pages, without affecting the overall structure of the document. This feature is essential in view of the ongoing ICAO ATN/AMHS standardisation process.

The order of “Introduction to AMHS” does not contain the Update Service offered by AC-B GmbH. Please contact us for further information. We will submit an appropriate and attractive offer to you.

* According to EU regulations, VAT is not required for organisations of EU Member States. If we receive your VAT identification number, VAT will not be charged.
